

Questions

1. Dear Mom,
I received your letter two days ago. I am very happy to hear Dad and Mom are well, too. Four days ago, I had a slight cold. I felt very unpleasant, so I went to a doctor that evening. The doctor gave me some medicines to relieve the symptoms of the cold. Now, I feel better. Yesterday, I had a medical check-up. The doctor weighed me, measured my height, took my temperature, listened to my heart and checked my eyes and ears. Everything was normal. Last year, I weighed 42 kilos and my height was one meter 30 centimeters. Now I am one meter and 45 centimeters tall. My weight is 40 kilos. I am losing two kilos. But don't worry about me, Mom. I know how to take care of myself. The recess is over now. I must stop writing here. I miss Mom and dad so much, and I miss grandfather, too. Please send my regards to everybody.
Take care, Mom. Write again soon.

Love,
